Technical Documents

Issues with an asterisk (*) have a technical document available on Team Support and in the online help.

Federal/State Regulation

Exports

APTAFUND-4170

2025 W-2C Export: The W-2c forms export functionality has been updated to align with the 2025 specifications. While no changes were made to the form itself, any modifications to the export process have been implemented to maintain compliance.

Payroll

APTAFUND-4162

2025-W2 Data Export: The W-2 Data Export has been updated for the 2025 tax year. This annual update ensures compliance with the latest federal reporting requirements for employee wage and tax statements

Reports

APTAFUND-4163

1099 MISC and NEC Forms: The 1099 MISC and NEC forms for Tax Year 2025 have been updated. These changes reflect the latest IRS requirements for reporting various types of income other than wages, salaries, and tips.

APTAFUND-4169

2025 W-2C Forms: The 2025 W-2c forms have been reviewed and updated as necessary to comply with the latest IRS specifications. This ensures accurate reporting of corrected wage and tax statement information for the upcoming tax year.

APTAFUND-4032

PA Annual W-2 Export: The Pennsylvania Annual W2 Export has been modified to comply with the new Berkheimer format. The export now generates a comma-delimited CSV file that adheres to the updated specifications, ensuring accurate reporting for Pennsylvania customers.

Improvement

Reports

AFD-429

W-2 Adjustment Report: The W-2 Adjustment Report has been updated to accurately reflect current box numbers used. This improvement addresses issues with Box 17 State Income Tax reporting and ensures all relevant boxes are properly populated with correct information.

New Feature

Import

AFD-601

Employee Demographic Import: A new field, hrEmployee RehireDate, has been added to the Employee Import functionality. This enhancement allows for more comprehensive employee data management, particularly for rehired employees.
